Dallas Theological Seminary.

**Historical Sketch:** This is an “artificial” collection created by the Special Collections staff to organize a variety of charts acquired over several years. Many have some library markings on them, but little is known about their history.

**System of Arrangement:** The charts are grouped by size. Within each group, the folders are numbered consecutively and the charts are primarily in alphabetical order by title. [Folder 22 in Series II is an exception because it was added after the remaining charts had been processed.]

**Scope and Content Note:** The thirty-eight charts are housed in five legal size file folders, twenty-two paper folders inside two 24” x 12” folders, eight paper folders inside one 39” x 15” folder, two paper folders inside one 38” x 24” folder, and two charts rolled within paper covers.

Series I consists of five charts outlining either the Bible, the Epistle to the Hebrews, or God’s dispensations through history. They are all undated, but three identify the authors.

Series II consists of twenty-two charts about the Bible, particular books of the Bible, and God’s dispensations. They range in date from 1917 to 1942, with many undated. Only a few of the authors are identified.

Series III consists of eight charts outlining books of the Bible, history, or God’s dispensations. They range in date from 1918 to 1936, with many undated. All of the authors are identified.

Series IV consists of two charts outlining periods of time in history or showing the genealogy of Christ. They range in date from 1937 to 1939 and both authors are identified.

Series V consists of two charts which were rolled because they were too long for the shelves. Both have pictorial depictions of history. They range from 1937 to 1947 and identify the authors.
